Pengantar Arsitektur

Week-2

https://id.pinterest.com/pin/460141286910090002/

- Human settlements consist of:
  - The content → man alone/societies
  - The container → physical settlements, natural/man made
- Not merely 3D, but 4D
- 3D → like movie
- 4D?

- Subdivided into:
  - Nature → foundation
  - Man
  - Society
  - Shells
  - Networks
- The basic difference between shells and networks?

- Settlements can be presented as follows:
  - Nature as container
  - Man arrives it
  - Forms the social groups → need protection → create shells → network
- Spatial between settlements and the function → space forming a bubble → proxemics
